

AVerTV Mobile 310 for Android™

Enjoy Live TV Anywhere

AVerTV Mobile is coming to an Android screen near you! With its compact design, AVerTV Mobile requires only one simple plug-in to turn your Android device into your personal TV. Plus, experience DVB-T TV through a complementary TV-watching app – no Internet connection required! The exclusive high-gain antenna with excellent TV signal reception is included to guarantee users a superior TV-viewing experience. A number of PCTV functions are supported, including auto detection for DVB-T TV signals and auto scans for full channels. Recording, bilingual audio, and an electronic program guide (EPG) are offered as well.

AVerTV Mobile 310 for Android™ | Enjoy Live TV Anywhere

Features

Watch Digital TV on Android Device

Watch digital TV and programs from your Android device.

No Internet Connection Required

By receiving advanced signals from the high-gain antenna instead of the Internet, users can access TV, Internet-free! The high-gain antenna is included with the product to help with receiving advanced signals.

Free TV-Watching App

A complimentary app developed especially by AVerMedia that supports automatic DVB-T TV signal detection will be available on Google Play. Full channels scan, EPG, and bilingual audio are included as well.

Compact, Lightweight, and Battery-Less Design

AVerTV Mobile focuses on maximizing portability, and its battery-less design is both lightweight and easy to carry around.

Complete each step in order before using AVerTV Mobile

Step 1

Download the app

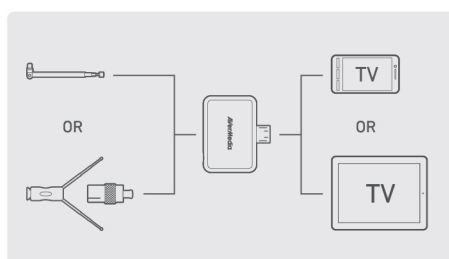

Connect AVerTV Mobile to your smart device

Step 2

Step 3

Open the app to start watching
